

Austsaw PCD Polycrystalline/Diamond Blades

EXTREME drywall, fibreglass, plastic and wood circular saw blade technology

Austsaw Polycrystalline Diamond Blades will make your cutting job cleaner, easier and faster with minimal dust. It's a must have for all builders, cabinetmakers and renovator's!

Designed for CUTTING

Drywall - Plaster / Board / Tiles (Blue / Green Board, Cement Sheet / Board, Compressed Sheet, Plasterboard)

Fibreglass

Plastic

Wood (Engineered Wood Products - Hardboard, MDF, Chipboard / Particle Board, Plywood, Softwoods, Hardwoods, Sleepers, Timber Planks, Weather Board).

EXTREME performance

Our PCD fiber cement blades are specially designed for fiber cement ripping and crosscutting. The polycrystalline diamond tips can run up to 50-100 times longer than carbide blades. The Austsaw PCD gives you a faster and cleaner cut!

The tips are made of superior man-made polycrystalline diamond (PCD), the body of the blade is hardened tempered steel. You will experience extreme cutting performance.

For use with [Circular Saws](#), [Table Saws](#) and [Electric Miter Saws](#).

Cuts with Minimal Dust

Super Fast Cut

Low Heat Retention

Hand Made Polycrystalline Diamond Tips.

Available in sizes;

Product Code	Diameter	Bore	Teeth
PCD160	160mm (6")	20/16mm	4PCD 4TCT
PCD185	185mm (7 1/4")	20/16mm	4PCD 4TCT
PCD205	205mm (8")	20mm	6PCD 6TCT
PCD235	235mm (9 1/4")	25mm	6PCD 6TCT
PCD255	255mm (10")	25.4mm	6PCD
PCD305	305mm (12")	25.4mm	8PCD
PCD350	350mm (14")	25.4mm	8PCD
